Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 50. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

MANY COMPLAINTS

Causes Camp Thomas Hospital to Be Investigated.

ORDERS TO GEN. BOYNTON

He Is to Ascertain Who Is Responsible For Seemingly Neglect In Carrying Out War Department Orders Regarding the Sick—Justice White Accepts Appointment as Peace Commissioner.

Washington, Aug. 27.—It is stated at the war department, owing to the many complaints received, that General Boynton, in command at Chickamauga, has been ordered to make a thorough and complete investigation of the hospitals at that place to ascertain how the men have fared, and report all the facts to the department. If there has been any shortcomings he is instructed to ascertain who is responsible and include the names of those found faulty in his report.

There seems to have been neglect in carrying out the order of the department (No. 116) which allowed 90 cents a day to all soldiers in hospitals, the amount to be a general fund from which could be drawn money to purchase delicacies and necessities for the sick soldiers. This order is dated Aug. 10.

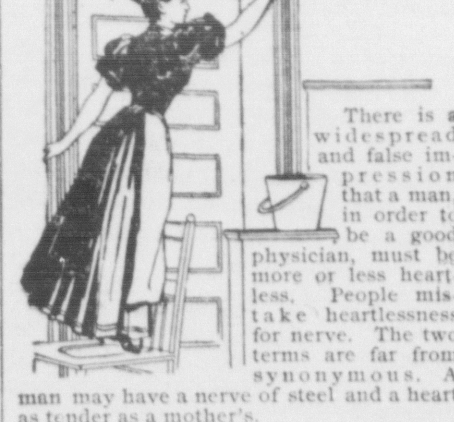

According to the records of the surgeon general's office, it was received there on the 13th and sent out to the various officers on the 15th. It should have reached these officers on the 17th, especially those along the Atlantic seaboard. It seems, however, that if it did reach them it was disregarded by many surgeons. The surgeon general's office complains that other orders sent out have not received the attention which should have been given them. This order (No. 116), it is said, was not only sent out through the surgeon general's office, but was sent direct from the adjutant general's office to the commanding officers in various camps. If it has not been carried out, it is declared the fault has been with the officers in command and the surgeons in charge of the hospitals. It is probable an investigation will be made at once to see whether the order has been disregarded and why.

Officers at the war department deprecate the manner in which complaints have been made, on the ground that the whole matter will discredit the American army and have a bad effect on discipline. The soldiers, they say, will be made to believe that they have been badly treated; that they are being imposed upon, and at some juncture it may result in mutiny and insubordination, for the reason that the troops, in case of some order which seems especially hard, will take matters into their own hands, claiming the people are with them. It is claimed that if the stories are all true it will indicate that the American army is of rarely little account and cannot bear hardship. "War is a tragedy from one end to the other," said a prominent officer of the navy department yesterday. "There were some people who thought it was a picnic and that the war in Cuba was to be a holiday time in Cuba. No man who considered the matter, knew any thing about the climate, the difficulties and the trials which would have to be undergone, felt that way. They expected hardships, expected that the troops would enter the portals of danger and death, would have to face bullets and fever. It is only wonderful that we have got off so easily. Our losses are less than expected when the war began."

SECRETARY ALGER

Interviewed On His Visit to Camp Montauk.

New York, Aug. 27.—Secretary Alger

There is a widespread and false impression that a man in order to be a good physician, must be more or less heartless. People mistake heartlessness for nerve. The two terms are far from synonymous. A man may have a nerve of steel and a heart as tender as a mother's. Of all the specialists in the world, there probably are not two that have as wide an experience in the treatment of women's diseases as Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. With the assistance of his staff of able physicians, he has prescribed, in the past thirty years, for many thousands of women. Dr. Pierce is pre-eminently a sympathetic physician. Perhaps more than any other man in the profession he realizes the hardships of woman's work, and the disadvantages under which she labors because of the weak, delicate and susceptible structure of the feminine organism. His immense practice in diseases peculiar to women forced upon his recognition the fact that women would never take the proper care of their health, so long as that care required the repugnant "examinations" and "local treatments" insisted upon by nearly all physicians. After years of study he invented a remedy now known as Dr. Pierce's Favorite Prescription that is an absolute and unfailing cure for the most complicated and obstinate cases of diseases peculiar to women. This wonderful medicine cures in the privacy of the home, and does away with the necessity for obnoxious "local treatment." It imparts health, strength, vigor and elasticity to the organs distinctly feminine and fits for wifehood and motherhood.

In paper covers, at one-cent stamps; cloth binding, to cents extra. Dr. Pierce's Common Sense Medical Adviser. Address Dr. R. V. Pierce, Buffalo, N. Y.

arrived in this city last night and in an interview he said: "I did not find the condition of Camp Wikoff nearly as bad as I had expected. I can't see that there is any justification in the talk that either the ill or the well soldiers are not properly treated. I think there are sufficient accommodations for all soldiers who will go to Camp Wikoff, and especially now that so many there have been given furloughs. Thursday I received offers from New York and Brooklyn hospitals to take at least 300 of the sick from the camp.

"Then," the secretary was asked, "You cannot see that there is justification in the complaints which have been made."

"None," he replied. "If there was lack of medicines or necessary supplies the blame would be on those whose real duty it was to order these things. The first day I went through the detention hospital and later the general hospital, and I talked with nearly every man who was awake. I said to all of them, 'Boys is there anything you want?' They all answered 'nothing, we are quite comfortable.'"

"A few of the men had no coats, but this was soon remedied. There are some few sick men, but there is no yellow fever. There is some typhoid. I saw some men there as yellow as any point you ever saw, and nothing remained of them but skin and bones."

Talking of the Chickamauga camp, Secretary Alger said affairs were not in perfect condition there, but to the best of his knowledge, he said the only men now there are those who are too ill to be moved.

Officers Get Better Salaries.

Washington, Aug. 27.—General Gobin said yesterday that he received no orders looking to the movement of troops at Camp Alger or their mustering out. The principal topic among the soldiers is the likelihood of their being mustered out, 95 per cent of the men, it is said, desiring to go home. The officers, as a rule, prefer to remain in the service.

CABINET MEETING

Discusses Peace Plans and Tariff For Porto Rico and Cuba.

Washington, Aug. 27.—The cabinet was in session two hours yesterday and devoted a large share of the time to matters which will come before the peace commission. At the adjournment of the meeting, Secretary Day announced that four members of the commission had been selected, Secretary Day, Senators Davis and Frye and Whitelaw Reid, Justice White's acceptance not having been received at that hour.

Another matter before the cabinet was the Cuban and Porto Rican tariffs. It was intended that the rates promulgated some days ago should be subject to change if inconsistencies were found or if any injustice had been done the people of the islands or if any particular trade or industry had been discriminated against. The particular question discussed yesterday was that of butter and butterine. Under the Spanish law butter paid a duty of 6 cents a pound and butterine was prohibited. It was decided to fix a rate of 3 cents a pound in Porto Rico and 1-8-10 cents for Cuba. Butterine, moreover, will be required to be stamped as such.

During the meeting a telegram was received from General Alger at Montauk Point in which he said in effect that the situation there was reasonably satisfactory. The general will return to Washington today.

Attaches of Peace Commission.

Washington, Aug. 27.—The following attaches of the peace commission have been selected and will be appointed by the president: John Moore of Massachusetts, now assistant secretary of state, to be secretary of the commission and R. J. MacArthur of New York, to be assistant secretary. Mr. MacArthur was formerly first secretary of the United States legation at Madrid and is now on special duties at the state department. He has had considerable experience in work of a diplomatic nature.

Justice White Accepts.

Washington, Aug. 27.—Justice White of the United States supreme court last night accepted the appointment of peace commissioner. This completes the commission.

COLONIAL EXPANSION.

London Times' Comment on the Peace Commission.

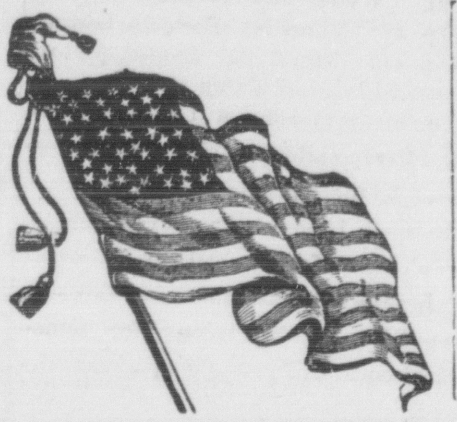

London, Aug. 27.—The Times, referring editorially to the American peace commission, says: "The commission is strong in personnel and in policy, and must be taken to represent President McKinley's concurrence in the inclination of the Republican party toward a policy of colonial expansion. The nomination of Mr. White may be due to the president's resolve not to ignore the interests and susceptibilities of the church of Rome in the final settlement of the Philippines."

"It is true that President McKinley is, as he seems to be, resolved to hold something more than Manila, the logic of the situation will probably lead him in the end to the occupation of the whole archipelago. Moreover, bereft of Manila, the Philippines would obviously be nothing but a costly burden which Spain would soon probably attempt to spin off herself in a manner little acceptable to the United States, especially looking to the immense war bill Spain has to pay and the absolute necessity for retrenchment."

PRESIDENT MCKINLEY

Urged by General Wheeler to Visit Camp Montauk.

Washington, Aug. 27.—The president has received the following letter from General Joe Wheeler: CAMP WIKOFF, MONTAUK POINT, N. Y., Aug. 23. President of the United States: I was very glad to hear that you would visit Montauk Point very soon. The visit

of the secretary of war has accomplished more than I can express. He has promptly corrected evils, made valuable suggestions, given directions regarding administration. In addition his personal visit to 1,500 sick soldiers in the hospitals has cheered them up and it is difficult to adequately convey to you the change for the better since the secretary's arrival. The announcement that you will visit the soldiers has already added to this improvement, and your presence here for even a single day will accomplish good, the great extent of which you can only realize after you have made your visit. WHEELER, commanding.

TYPHOID EPIDEMIC.

Terrible Condition of the First Illinois, Now at Fort Sheridan.

Chicago, Aug. 27.—An epidemic of typhoid fever has broken out among the troops of the First Illinois cavalry who have arrived at Fort Sheridan from Chickamauga. There were 11 cases in the regiment when it arrived and there are now over 30, many of them very serious. The physicians place the blame on the unsanitary conditions at Chickamauga. The entire regiment is in bad shape, many of the men who are not in hospital being so weak they are almost unable to move around.

German Bankers Disappear.

Berlin, Aug. 27.—A report is published in some of the papers that the Allgemeine Deutsche Credit Effecten Versicherungs bank has failed, with liabilities of several millions and no assets. The bankers, it is said, have disappeared.

Treasury Statement.

Washington, Aug. 27.—The statement of the condition of the treasury shows: Available cash balance, \$38,001,478; gold reserve, \$210,029,655.

TRADE OUTLOOK.

Bradstreets Report That Favorable Conditions Still Exist In the Business World.

New York, Aug. 27.—Bradstreets today says: Business conditions in the main reflect the continuance of most of the favorable features hitherto dominating the trade situation in the more favored sections of the country. Prominent in this direction, of course, are iron and steel and allied industries, in which active demand, present or prospective, has led to further price advances, sustained and even increased activity in distribution at most western markets with some improvement likewise noted in the south and on the Pacific coast, steadiness in prices—wheat, corn and cotton, however, excepted—a reduced number of business failures, fair gains in railroad earnings as a whole, and bank clearings, in spite of a slight reduction from last week, showing gains over all corresponding period in previous years.

The less favorable conditions in the situation are reported of arrested or smaller than expected trade in eastern markets, lower quotations and apparently less active demand from abroad for certain products and reduced prices paid for the south's great staple—raw cotton. Qualifying the latter might be mentioned the fact that spring wheat has apparently begun to move in the northwest and the promise of large yields in wheat and cotton alike has tended to depress prices.

Business failures in the United States numbered 12, against 15 last week, and compared with 120 a year ago.

The feature of demand at western markets this week has been increase demand from jobbers in dry goods, boots and shoes, special activity being noted at Chicago, St. Louis, St. Paul, Louisville and Omaha.

RECEIVED OVATIONS

Admiral Schley Cheered on His Arrival at the National Capital.

THE HERO OF SANTIAGO

Thanked by the President, Individually and on Behalf of the Nation, For His Splendid Work on July 3—Crowd Cheered at Every Station His Train Passed Enroute.

Washington, Aug. 27.—Rear Admiral Winfield S. Schley, who reached Washington yesterday was quickly noticed at most of the stations along the line of his trip and was greeted with cheering crowds. When the train pulled into the depot here he found a compact mass of spectators which filled the depot and overflowed out into the train shed. The admiral and Mrs. Schley when they appeared were greeted with cheers and shouts of "Hurrah for Schley." Everybody joined in the shouting and the depot attaches crowded about the admiral and insisted on a handshake. At the gates the crowd increased and amid deafening cheers the admiral and his wife, the former with hat off, passed through two solid lines of people. A lieutenant and squad of police, with difficulty, cleared a passageway to the carriage which was waiting. Through a mass of vehicles that had been drawn up by curious drivers, the hansom pulled into Pennsylvania avenue and proceeded directly to the Shoreham hotel. There were groups of cheerers all the way and a cavalcade of cyclists formed a voluntary escort. The admiral stayed only a few minutes at the hotel and then drove over to the navy department where, without preliminaries he reported directly to Acting Secretary Allen. The latter accompanied him over to the white house. The president gave him a most cordial reception. The president thanked him in behalf of himself and the nation for his brilliant services on July 3 at Santiago and asked him to describe the battle, which the admiral did at length. The president then entered into a discussion of the work of the Porto Rican commission, to which the admiral has been appointed. He went over with him the general instructions which will guide the body in arranging for the evacuation of the Spanish from the island and other work. During most of the conference, which occupied about an hour, Assistant Secretary of State Moore was present. On leaving the president, the admiral drove to his hotel. He said his health had improved greatly. He will have another conference with Acting Secretary of the Navy Allen today and probably will leave for New York. From there he will go back to Westport, Conn. He will spend a few days there before returning here preliminary to taking up his duties with the commission.

EIGHTEEN MEN

Narrowly Escape With Their Lives From a Burning Mine.

Danville, Ill., Aug. 27.—The large coal mine operated by A. H. Bennett, which caught fire yesterday, burned until late in the afternoon. Eighteen men were in the mine at the time and barely escaped with their lives. When the alarm was given the entire force rushed to the shaft and found it in flames, the cage and cable having burned. They resolved to try the air shaft at the other end of the mine and started to fight their way through the dense smoke and fire. The props were all ablaze and huge burning lumps of coal added to the intense heat. Several of the men sank exhausted and had to be carried out by their companions. Burning and bruised, they literally crawled over red-hot coals and timber until their bodies were one mass of wounds. When they reached the air shaft they were drawn up by means of ropes. Many of them were so completely exhausted that ropes had to be tied around their bodies in order to get them out. Some of the men may die from the effects of burns. Charles Hatfield and son were among those who were seriously burned. The mines and horses used for teaming were cremated. The mine is practically worthless and will probably never be worked again.

IS UNSATISFACTORY

Kentucky Penitentiary Officials Not Pleased With Expert's Report.

Frankfort, Ky., Aug. 27.—The old commissioners of the penitentiary who are dissatisfied with the report of their experts showing a big loss to the state in operating the chair plant, announce that they will prepare a supplementary report of their own, endeavoring to show that the state has made money. The new commissioners are also dissatisfied with the report and think it shows that the loss to the state is smaller than the facts justify. The row may result in another inventory being taken to prove or disprove various claims of both sides.

To give additional interest to the controversy the new commissioners have refused to receive several big shipments of clothing, blankets, etc., ordered by the old warden just before his retirement. It is claimed that the old warden had no right to stock the prison with enough material, at present prices, to last several years.

SOLDIER LETTER.
A Seymour Volunteer Writes From Camp Cuba Libre.
Sam Abel, who is a member of Co. K, 161st Indiana, in a private letter to Will Noelker has many things of interest to say of life at Camp Cuba Libre. Among other things he says:
"Our camp is situated on the highest point in Florida. Col. Bryan's Nebraska regiment is camped north of us, and Torrey's rough riders are west. There is an emnity between the northern and southern regiments here. There have been several free for all fights, but as Torrey's rough riders are with the northern boys they are generally victorious.
I visited St. Augustine last Sunday, saw the old Spanish fort, and went through the old dungeons. In St. Augustine is the oldest house in America. It has been carefully preserved and is in good condition. The Ponce DeLeon hotel is one of the largest in the world.
The 161st Indiana regiment is in the 7th army corps. We think we will go to Cuba to do garrison duty, Oct. 1. The soldiers are not anxious to go. They enlisted to fight and as soon as the war was over they thought they would be sent home.
This is the sickly season here and there are great many deaths. There were eleven deaths in our division last week, this morning twenty-five of our company went to the doctors. The food is not as wholesome as we received at Camp Mount. There is a fine sea breeze blowing all the time, but the heat is terrible. We drill from six o'clock in the morning until nine, and a dress parade in the evening. In the dress parade yesterday two soldiers of the Sixth Missouri dropped dead from the effect of the heat. If it was not for the ill health of the soldiers we would have a good time.
We are camped in a beautiful pine grove, where there are artesian waters and each company has a large bath house and we can take a shower bath whenever we want to. Big ocean steamers pass by our camp every day, and large ships are loaded with pine timber in a half mile of our camp.
There will probably be two or three regiments of the corps mustered out but our regiment stands a good show to go to Cuba. Respy Yours SAM ABEL.
State Election Board.
The state election board will meet and organize at the Statehouse next Monday. The first thing will be to take step to secure from county official data on which an estimate of the total number of votes can be made. This is necessary in order to determine how many ballots will be needed at the fall elections.
Treas. Officers.
The township trustees met with County Superintendent Payne a few days ago and decided to recommend to the state treasury board Elisha Sewall, of Brownstown, and David Robertson, of Seymour, for appointment as treasurer officers the coming year. The former to have charge of the west half of the county and the latter the east half. So far as learned the treasury board has not acted on these recommendations.

Readers of Harper's Magazine will discover Mr. Julian Ralph in a new and interesting role in the September number, in which is begun a novelette from his pen entitled "An Angel in a Web." Mr. Ralph has written fiction before, but never in this quite unique vein. The story is illustrated by W. T. Smedley.
In McClure's Magazine for September Mr. George E. Graham describes the destruction of Admiral Cervera's fleet as he himself had the good fortune to see the work done from Commodore Schley's flagship, the "Brooklyn"; and Mr. W. A. M. Goode describes it as he too saw it, from Admiral Sampson's flagship the "New York." Together the two papers give a complete and most vivid account of what was undoubtedly the most picturesque event of all the war; and being illustrated with portraits of all the commanders, pictures of all the ships, and views of all the wrecks largely from photographs taken by the authors. They leave nothing to be desired.

This flour I can guarantee to be always right. Now in order to get this flour before the public I offer a cash prize as follows; In every 10th barrel or 80th sack I will place an envelope branded "ALWAYS RIGHT," which will contain

FOR WIFE DESERTION.
J. A. Kinney, Formerly of Seymour Brought Back by Marshal Thick-ten.

Several months ago J. A. Kinney, of this city, went on a trip to the far west. His wife remained here expecting him to return after a certain length of time. From Denver and other western points he is said to have written Mrs. Kinney several letters. In one it is told that he said it was not his purpose to return to Seymour. The letters became less frequent until three months passed without a letter being received. Thereafter the story is told in the Indianapolis Journal this morning as follows:

"Several days ago a woman with whom Kinney, during his residence in Seymour, was well acquainted showed Mrs. Kinney a letter from the tardy husband, in which he made an engagement to meet the woman in this city Wednesday night. It was complete surprise to Mrs. Kinney. She says she never dreamed of her husband being on this side of Denver, but she determined to act.

The woman who had the letter readily consented to the wife taking her place and coming on to Indianapolis to meet Kinney. He had gone to the Belt road to meet the incoming train which he expected would carry the Seymour woman. His surprise may be imagined when he saw his wife in the place of the woman he was expecting. The recognition was mutual. Mrs. Kinney says he pretended he was here on his way home, but she soon gave him to understand she was aware of his having written to the Seymour neighbor and demanded explanations. He asked for time, and proposed that they go to a hotel for dinner and then to his boarding house. To this she consented and it seems that during their stay together he persuaded her that everything was right and she returned to Seymour the following morning.

Mrs. Kinney says when she reached home and was away from his persuasive influence the force of all the evidence against him was impressed upon her again, and she at once swore out a warrant for his arrest for wife desertion. Kinney's address, with the information that he was wanted in Seymour was telegraphed to the police here and Detectives Splann and Page went to his room and found him. The Seymour authorities were notified and the marshal came yesterday and took him back to his former home. Mrs. Kinney also made her appearance again yesterday, but in the afternoon returned to her home, where she says, she will prosecute her husband and bring suit for support."

Marshal Thick-ten brought Kinney back yesterday evening and he was taken before Judge Hoover to answer the charge of wife desertion. He pleaded guilty and was fined \$10 and costs which was stayed.

Another warrant was sworn out against him, charging him with larceny, and placed in the hands of Deputy Constable Babbey, but it seems that Kinney has left town leaving no trace of the time or direction of his departure.

CRUSHED TO DEATH.
GLYDE ULERY KILLED IN THE B. & O. YARDS THIS MORNING.

Two Cars Passed Over His Body Cutting it Almost in Two.

This morning Clyde Ulery, the eleven-year-old son of Mrs. Joe Ulery, was instantly killed in the B. & O. S. W. switch yards. He with some companions were on the yard gathering up lumps of coal that had dropped from passing trains. A switch engine was pushing some box cars on a side track intending to place them near the freight depot. The car that was being pushed ahead struck the boy, who seemed to be unmindful of the switch engine and these cars. He was caught under the wheels and two cars passed over him before the engineer could bring his engine to a standstill. His body was almost cut in two, the wheels passing over his chest, producing instant death. The body was taken to Husted's morgue and there prepared for burial.

The opinion generally prevails that the crew in charge of the switching were not in a position to have avoided the accident. The Switch engine was in charge of Engineer Leslie and fireman Hudson and Ed. Jennings had charge of the switching.

From evidence heard before Coroner Green it seems probable that the boy was frightened. An east-bound freight was just moving out of the yards on which some tramps were attempting to steal a ride. The brakeman was chasing them with a certain amount of demonstration which it is believed caused the boy to become frightened and run in front of the other cars. This is a question that evidence may, or may not establish.

Clyde Ulery will be remembered as one of the boys who has sold fruit at the trains most of the summer.

FOR WIFE DESERTION.
J. A. Kinney, Formerly of Seymour Brought Back by Marshal Thick-tan.

Several months ago J. A. Kinney, of this city, went on a trip to the far west. His wife remained here expecting him to return after a certain length of time. From Denver and other western points he is said to have written Mrs. Kinney several letters. In one it is told that he said it was not his purpose to return to Seymour. The letters became less frequent until three months passed without a letter being received.

The remainder of the story is told in the Indianapolis Journal this morning as follows:

"Several days ago a woman with whom Kinney, during his residence in Seymour, was well acquainted showed Mrs. Kinney a letter from the tardy husband, in which he made an engagement to meet the woman in this city Wednesday night. It was complete surprise to Mrs. Kinney. She says she never dreamed of her husband being on this side of Denver, but she determined to act.

The woman who had the letter readily consented to the wife taking her place and coming on to Indianapolis to meet Kinney. He had gone to the Belt road to meet the incoming train which he expected would carry the Seymour woman. His surprise may be imagined when he saw his wife in the place of the woman he was expecting. The recognition was mutual. Mrs. Kinney says he pretended he was here on his way home, but she soon gave him to understand she was aware of his having written to the Seymour neighbor and demanded explanations. He asked for time, and proposed that they go to a hotel for dinner and then to his boarding house. To this she consented and it seems that during their stay together he persuaded her that everything was right and she returned to Seymour the following morning.

Mrs. Kinney says when she reached home and was away from his persuasive influence the force of all the evidence against him was impressed upon her again, and she at once swore out a warrant for his arrest for wife desertion. Kinney's address, with the information that he was wanted in Seymour was telegraphed to the police here and Detectives Splann and Page went to his room and found him. The Seymour authorities were notified and the marshal came yesterday and took him back to his former home. Mrs. Kinney also made her appearance again yesterday, but in the afternoon returned to her home, where she says, she will prosecute her husband and bring suit for support."

Marshal Thick-tan brought Kinney back yesterday evening and he was taken before Judge Hoover to answer the charge of wife desertion. He pleaded guilty and was fined \$10 and costs which was stayed.

Another warrant was sworn out against him, charging him with larceny, and placed in the hands of Deputy Constable Bailey, but it seems that Kinney has left town leaving no trace of the time or direction of his departure.

CRUSHED TO DEATH.
GLYDE ULERY KILLED IN THE B. & O. YARDS THIS MORNING.

Two Cars Passed Over His Body Cutting It Almost in Two.

This morning Clyde Ulery, the eleven-year-old son of Mrs. Joe Ulery, was instantly killed in the B. & O. S. W. switch yards. He with some companions were on the yard gathering up lumps of coal that had dropped from passing trains. A switch engine was pushing some box cars on a side track intending to place them near the freight depot. The car that was being pushed ahead struck the boy, who seemed to be unmindful of the switch engine and these cars. He was caught under the wheels and two cars passed over him before the engineer could bring his engine to a standstill. His body was almost cut in two, the wheels passing over his chest, producing instant death. The body was taken to Husted's morgue and there prepared for burial.

The opinion generally prevails that the crew in charge of the switching were not in a position to have avoided the accident. The switch engine was in charge of Engineer Leslie and fireman Hudson and Ed. Jennings had charge of the switching.

From evidence heard before Coroner Green it seems probable that the boy was frightened. An east-bound freight was just moving out of the yards on which some tramps were attempting to steal a ride. The brakeman was chasing them with a certain amount of demonstration which it is believed caused the boy to become frightened and run in front of the other cars. This is a question that evidence may, or may not establish.

Clyde Ulery will be remembered as one of the boys who has sold fruit at the trains most of the summer.

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

MANY COMPLAINTS

Causes Camp Thomas Hospital to Be Investigated.

ORDERS TO GEN. BOYNTON

He Is to Ascertain Who Is Responsible For Seeming Neglect in Carrying Out War Department Orders Regarding the Sick—Justice White Accepts Appointment as Peace Commissioner.

Washington, Aug. 27.—It is stated at the war department, owing to the many complaints received, that General Boynton, in command at Chickamauga, has been ordered to make a thorough and complete investigation of the hospitals at that place to ascertain how the men have fared, and report all the facts to the department. If there has been any shortcomings he is instructed to ascertain who is responsible and include the names of those found faulty in his report.

There seems to have been neglect in carrying out the order of the department (No. 116) which allowed 60 cents a day to all soldiers in hospitals, the amount to be a general fund from which could be drawn money to purchase delicacies and necessities for the sick soldiers. This order is dated Aug. 10.

According to the records of the surgeon general's office, it was received there on the 13th and sent out to the various officers on the 15th. It should have reached these officers on the 17th, especially those along the Atlantic seaboard. It seems, however, that if it did reach them it was disregarded by many surgeons. The surgeon general's office complains that other orders sent out have not received the attention which should have been given them. This order (No. 116), it is said, was not only sent out through the surgeon general's office, but was sent direct from the adjutant general's office to the commanding officers in various camps. If it has not been carried out, it is declared the fault has been with the officers in command and the surgeons in charge of the hospitals. It is probable an investigation will be made at once to see whether the order has been disregarded and why.

Officers at the war department deprecate the manner in which complaints have been made, on the ground that the whole matter will discredit the American army and have a bad effect on discipline. The soldiers, they say, will be badly treated; that they are being imposed upon, and at some juncture it may result in mutiny and insubordination, for the reason that the troops, in case of some order which seems especially hard, will take matters into their own hands, claiming the people are with them. It is claimed that if the stories are all true it will indicate that the American army is of rarely little account and cannot bear hardship.

"War is a tragedy from one end to the other," said a prominent officer of the navy department yesterday. "There were some people who thought it was a picnic and that the war in Cuba was to be a holiday time in Cuba. No man who considered the matter, knew any thing about the climate, the difficulties and the trials which would have to be undergone, felt that way. They expected hardships, expected that the troops would enter the portals of danger and death, would have to face bullets and fever. It is only wonderful that we have got off so easily. Our losses are less than expected when the war began."

SECRETARY ALGER

Interviewed On His Visit to Camp Montauk.

New York, Aug. 27.—Secretary Alger

arrived in this city last night and in an

interview he said: "I did not find the

condition of Camp Wikoff nearly as bad

as I had expected. I can't see that

there is any justification in the talk that

either the ill or the well soldiers are not

properly treated. I think there are

sufficient accommodations for all sol-

diers who will go to Camp Wikoff, and

especially now that so many there have

been given furloughs. Thursday I re-

ceived offers from New York and

Brooklyn hospitals to take at least 300

of the sick from the camp.

"Then," the secretary was asked,

"You cannot see that there is justifica-

tion in the complaints which have been

made."

"None," he replied.

"If there was lack of medicines or

necessary supplies the blame would be

on those whose real duty it was to order

these things. The first day I went

through the detention hospital and later

the general hospital, and I talked with

nearly every man who was awake. I

said to all of them, 'boys is there any-

thing you want?' They all answered

'nothing, we are quite comfortable.'

"A few of the men had no coats, but

this was soon remedied. There are

some few sick men, but there is no yellow

fever. There is some typhoid. I saw

some men there as yellow as any

paint you ever saw, and nothing re-

minded of them but skin and bones."

Talking of the Chickamauga camp,

Secretary Alger said affairs were not in

perfect condition there, but to the best

of his knowledge, he said the only men

now there are those who are too ill to

be moved.

Officers Get Better Salaries.

Washington, Aug. 27.—General Go-

bin said yesterday that he received no

orders looking to the movement of

troops at Camp Alger or their mustering

out. The principal topic among the

soldiers is the likelihood of their being

mustered out, 95 per cent of the men, it

is said, desiring to go home. The officers,

as a rule, prefer to remain in the service.

CABINET MEETING

Discusses Peace Plans and Tariff For

Porto Rico and Cuba.

Washington, Aug. 27.—The cabinet

was in session two hours yesterday and

devoted a large share of the time to

matters which will come before the

peace commission. At the adjournment

of the meeting, Secretary Day an-

nounced that four members of the com-

mission had been selected, Secretary

Day, Senators Davis and Frye and

Whitelaw Reid, Justice White's ac-

ceptance not having been received at

that hour.

Another matter before the cabinet

was the Cuban and Porto Rican tariffs.

It was intended that the rates promul-

gated some days ago should be subject

to change if inconsistencies were found

or if any injustice had been done the

people of the islands or if any particu-

lar trade or industry had been discrim-

inated against. The particular ques-

tion discussed yesterday was that of

butter and butterine. Under the Span-

ish law butter paid a duty of 6 cents a

pound in Porto Rico and 18 cents in

Cuba. Butterine, moreover, will be

required to be stamped as such.

During the meeting a telegram was

received from General Alger at Mon-

tauk Point in which he said in effect

that the situation there was reasonably

satisfactory. The general will return

to Washington today.

Attaches of Peace Commission.

Washington, Aug. 27.—The following

attaches of the peace commission have

been selected and will be appointed by

the president: John Moore of Massa-

chusetts, now assistant secretary of

state, to be secretary of the commission

and R. J. MacArthur of New York, to

be assistant secretary. Mr. MacArthur

was formerly first secretary of the United

States legation at Madrid and is now

on special duties at the state depart-

ment. He has had considerable experi-

ence in work of a diplomatic nature.

Justice White Accepts.

Washington, Aug. 27.—Justice White

of the United States supreme court last

night accepted the appointment of

peace commissioner. This completes

the commission.

COLONIAL EXPANSION.

London Times' Comment on the Peace

Commission.

London, Aug. 27.—The Times, refer-

ring editorially to the American peace

commission, says: "The commission is

strong in personnel and in policy, and

must be taken to represent President

McKinley's concurrence in the inclina-

tion of the Republican party toward a

policy of colonial expansion. The nomi-

nation of Mr. White may be due to the

president's resolve not to ignore the in-

terests and susceptibilities of the church

of Rome in the final settlement of the

Philippines.

"If it be true that President McKin-

ley is, as he seems to be, resolved to

hold something more than Manila, the

logic of the situation will probably lead

him in the end to the occupation of the

whole archipelago. Moreover, bereft of

Manila, the Philippines would obviously

be nothing but a costly burden which

Spain would soon probably attempt to

relieve herself of in a manner little ac-

ceptable to the United States, especially

looking to the immense war bill Spain

has to pay and the absolute necessity

for retrenchment."

PRESIDENT MCKINLEY

Urged by General Wheeler to Visit Camp

Montauk.

Washington, Aug. 27.—The president

has received the following letter from

General Joe Wheeler:

CAMP WIKOFF,

MONTAUK POINT, N. Y., Aug. 23.

President of the United States:

I was very glad to hear that you would

visit Montauk Point very soon. The visit

arrived in this city last night and in an

interview he said: "I did not find the

condition of Camp Wikoff nearly as bad

as I had expected. I can't see that

there is any justification in the talk that

either the ill or the well soldiers are not

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

SOLDIER LETTER.

A Seymour Volunteer Writes From Camp Cuba Libre.

Sam Abel, who is a member of Co. K, 161st Indiana, in a private letter to Will Noelker has many things of interest to say of life at Camp Cuba Libre. Among other things he says:

"Our camp is situated on the highest point in Florida. Col. Bryan's Nebraska regiment is camped north of us, and Torreys rough riders are west. There is a emnity between the northern and southern regiments here. There have been several free for all fights, but as Torreys rough riders are with the northern boys they are generally victorious.

I visited St. Augustine last Sunday, saw the old Spanish fort, and went through the old dungeons. In St. Augustine is the oldest house in America. It has been carefully preserved and is in good condition. The Ponce DeLeon hotel is one of the largest in the world.

The 161st Indiana regiment is in the 7th army corps. We think we will go to Cuba to do garrison duty, Oct. 1. The soldiers are not anxious to go. They enlisted to fight and as soon as the war was over they thought they would be sent home.

This is the sickly season here and there are great many deaths. There were eleven deaths in our division last week, this morning twenty-five of our company went to the doctors. The food is not as wholesome as we received at Camp Mount. There is a fine sea breeze blowing all the time, but the heat is terrible. We drill from six o'clock in the morning until nine, and a dress parade in the evening. In the dress parade yesterday two soldiers of the Sixth Missouri dropped dead from the effect of the heat. If it was not for the ill health of the soldiers we would have a good time.

We are camped in a beautiful pine grove, where there are artesian waters and each company has a large bath house and we can take a shower bath whenever we want to. Big ocean steamers pass by our camp every day, and large ships are loaded with pine timber in a half mile of our camp.

There will probably be two or three regiments of the corps mustered out but our regiment stands a good show to go to Cuba. Respy's Yours

SAM ABEL.

State Election Board.

The state election board will meet and organize at the Statehouse next Monday. The first thing will be to take step to secure from county officials data on which an estimate of the total number of votes can be made. This is necessary in order to determine how many ballots will be needed at the fall elections.

Truant Officers.

The township trustees met with County Superintendent Payne a few days ago and decided to recommend to the state truancy board Elisha Sewall, of Brownstown, and David Robertson, of Seymour, for appointment as truant officers the coming year. The former to have charge of the west half of the county and the latter the east half. So far as learned the truancy board has not acted on these recommendations.

Readers of Harper's Magazine will discover Mr. Julian Ralph in a new and interesting role in the September number, in which is begun a novelette from his pen entitled "An Angel in a Web." Mr. Ralph has written fiction before, but never in this quite unique vein. The story is illustrated by W. T. Smedley.

In McClure's Magazine for September Mr. George E. Graham describes the destruction of Admiral Cervera's fleet as he himself had the good fortune to see the work done from Commodore Schley's flagship, the "Brooklyn"; and Mr. W. A. M. Goode describes it as he too saw it, from Admiral Sampson's flagship the "New York." Together the two papers give a complete and most vivid account of what was undoubtedly the most picturesque event of all the war; and being illustrated with portraits of all the commanders, pictures of all the ships, and views of all the wrecks largely from photographs taken by the authors. They leave nothing to be desired.

FOR WIFE DESERTION.
J. A. Kinney, Formerly of Seymour Fought Back by Marshal Thick-ten.

Several months ago J. A. Kinney, of this city, went on a trip to the far west. His wife remained here expecting him to return after a certain length of time. From Denver and other western points he is said to have written Mrs. Kinney several letters. In one it is told that he said it was not his purpose to return to Seymour. The letters became less frequent until three months passed without a letter being received.

The remainder of the story is told in the Indianapolis Journal this morning as follows:

"Several days ago a woman with whom Kinney, during his residence in Seymour, was well acquainted showed Mrs. Kinney a letter from the tardy husband, in which he made an engagement to meet the woman in this city Wednesday night. It was complete surprise to Mrs. Kinney. She says she never dreamed of her husband being on this side of Denver, but she determined to act.

The woman who had the letter readily consented to the wife taking her place and coming on to Indianapolis to meet Kinney. He had gone to the Belt road to meet the incoming train which he expected would carry the Seymour woman. His surprise may be imagined when he saw his wife in the place of the woman he was expecting. The recognition was mutual. Mrs. Kinney says he pretended he was here on his way home, but she soon gave him to understand she was aware of his having written to the Seymour neighbor and demanded explanations. He asked for time, and proposed that they go to a hotel for dinner and then to his boarding house. To this she consented and it seems that during their stay together he persuaded her that everything was right and she returned to Seymour the following morning.

Mrs. Kinney says when she reached home and was away from his persuasive influence the force of all the evidence against him was impressed upon her again, and she at once swore out a warrant for his arrest for wife desertion. Kinney's address, with the information that he was wanted in Seymour was telegraphed to the police here and Detectives Splann and Page went to his room and found him. The Seymour authorities were notified and the marshal came yesterday and took him back to his former home. Mrs. Kinney also made her appearance again yesterday, but in the afternoon returned to her home, where she says, she will prosecute her husband and bring suit for support."

Marshal Thick-ten brought Kinney back yesterday evening and he was taken before Judge Hoover to answer the charge of wife desertion. He pleaded guilty and was fined \$10 and costs which was stayed.

Another warrant was sworn out against him, charging him with larceny, and placed in the hands of Deputy Constable Balesley, but it seems that Kinney has left town leaving no trace of the time or direction of his departure.

CRUSHED TO DEATH.
CLYDE ULERY KILLED IN THE B. & O. YARDS THIS MORNING.

Two Cars Passed Over His Body Cutting It Almost In Two.

This morning Clyde Ulery, the eleven-year-old son of Mrs. Joe Ulery, was instantly killed in the B. & O. S. W. switch yards. He with some companions were on the yard gathering up lumps of coal that had dropped from passing trains. A switch engine was pushing some box cars on a side track intending to place them near the freight depot. The car that was being pushed ahead struck the boy, who seemed to be unmindful of the switch engine and these cars. He was caught under the wheels and two cars passed over him before the engineer could bring his engine to a standstill. His body was almost cut in two, the wheels passing over his chest, producing instant death. The body was taken to Husted's morgue and there prepared for burial.

The opinion generally prevails that the crew in charge of the switching were not in a position to have avoided the accident. The switch engine was in charge of Engineer Leslie and fireman Hudson and Ed. Jennings had charge of the switching.

From evidence heard before Coroner Green it seems probable that the boy was frightened. An east-bound freight was just moving out of the yards on which some tramps were attempting to steal a ride. The brakeman was chasing them with a certain amount of demonstration which it is believed caused the boy to become frightened and run in front of the other cars. This is a question that evidence may, or may not establish.

Clyde Ulery will be remembered as one of the boys who has sold fruit at the trains most of the summer.
